

Drug and Alcohol Abuse Prevention Program (DAAPP)

David Pressley Professional School of Cosmetology is dedicated to providing a safe and healthy environment for its students, faculty, and staff. The illegal use of drugs and alcohol can adversely affect the educational environment and may have devastating effects on the personal lives of those who abuse these substances. For this reason, David Pressley Professional School of Cosmetology is a drug free workplace and campus.

The federal Drug-Free Schools and Campuses Act requires institutions of higher education to have a drug and alcohol abuse prevention program (DAAPP). This program must describe: 1) legal sanctions under federal, state, and local law for the unlawful use, possession, or distribution of illicit drugs and alcohol; 2) a description of the health risks associated with the use of illicit drugs and the abuse of alcohol; 3) a description of any drug and alcohol programs that are available to employees or students; and 4) a clear statement that the school will impose disciplinary sanctions on students and employees for violations of the standards of conduct.

This is distributed annually to students, faculty, and staff and describes the schools DAAPP. Please contact the Administration Office for addition information and resources at 248-548-5090.

Federal and Michigan Law prohibits the use of illicit drugs and actions related to the abuse of alcohol. Summarized below are the general federal and state laws relating to drugs and alcohol.

Federal Law

In 1984, the National Minimum Drinking Age Act (Public Law 98-363) was passed. Please visit: https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/public_app7.pdf for more information on this law.

The following table summarizes the federal drug trafficking penalties. Please visit: <https://www.deadiversion.usdoj.gov/21cfr/21usc/844.htm> for more information on unlawful acts and penalties.

Hashish 10 kilograms or less	
Hashish Oil 1 kilogram or less	

State Law

Drugs and other substances that are considered controlled substances under the Federal Controlled Substances Act are divided into five schedules. Substances are placed in their respective schedules based on whether they have an accepted medical use, their relative abuse potential, scientific knowledge regarding the drug, risk to the public and likelihood of causing dependence when abused. Schedule 1 drugs can be addictive and have no current known medical use. Examples of Schedule 1 drugs include heroin, lysergic acid diethylamide (LSD) and marihuana. **Michigan laws follow the scheduling that the federal law has established.**

For more information on Michigan State drug laws please visit:

Health Risks

The use of any illicit drug or abuse of alcohol is potentially hazardous to your health. Faculty, staff, and students should evaluate the health risks associated with use of illicit drugs or abuse of alcohol. Synthetically produced drugs may contain impurities and the true amounts and ingredients are rarely known. The effects of a drug may be significantly different with each use.

Some risks are:

- Cause cardiovascular conditions ranging from abnormal heart rate to heart attacks. Injected drugs can also lead to collapsed veins and infections of the blood vessels and heart valves.
- Cause nausea, vomiting and abdominal pain.
- Cause seizures, stroke and widespread brain damage that can impact all aspects of daily life by causing problems with memory, attention and decision-making, including sustained mental confusion and permanent brain damage.
- All drugs of abuse - nicotine, cocaine, marijuana, and others - effect the brain's "reward" circuit, which is part of the limbic system
- Paranoia
- Aggressiveness
- Hallucinations

- Addiction
- Loss of Self-Control

Some effects on the body:

Heart:

- Cardiomyopathy
- Stroke
- High blood pressure
- Arrhythmias – irregular heart beat

Liver:

- Steatosis
- Fibrosis
- Cirrhosis

Cancer:

- Mouth
- Esophagus
- Throat
- Liver
- Breast

Immune System: Drinking too much can weaken your immune system, making your body a much easier target for disease. Chronic drinkers are more liable to contract diseases like pneumonia and tuberculosis.

Drug and Alcohol Programs available at David Pressley Professional School of Cosmetology

A list of local resources of drug and alcohol counseling treatment/rehabilitation programs available to students are provided below:

Salvation Army Harbor Light System
3737 Lawton St.

School Discipline for Violations of Drug and Alcohol Policies

David Pressley Professional School of Cosmetology complies with federal and Michigan state laws and penalties regarding the misuse of legal drugs (alcohol and tobacco) and use of illegal drugs. In addition to the criminal sanctions that may apply, David Pressley Professional School of

Cosmetology will impose discipline on any employee or student who violates the School's drug and alcohol policies.

Violations of Drug and Alcohol Policies

If the Drug-Free Campus Policies are violated the following action may be taken for students, faculty, and staff by this school:

- Notification to the proper law enforcement authorities.
- Termination of enrollment or employment.
